

Booster 15 is hydraulic driven with 2-cylinder piston pumps. It is ideal for pumping concrete and self levelling floor screeds and shotcreting.

BOOSTER 15

Model	Booster 15
Supply	Diesel Engine
Installed Power Rate	21.2kW
Pumping System	Two-cylinder with hydraulic control
Max Grain Size	25mm
Flow Rate	2-15m ³ /h
Pumping Pressure	70bar
Pipe Outlet	Victaulic 4"
Hopper Capacity	240L
Dimension (WxLxH)	1495X4100X1540(mm)
Weight	1550kg
